Why now?

The veterinary industry is undergoing a significant shift. Veterinary leaders now shoulder greater responsibility, facing higher and clearer expectations from their teams. Today's leaders hold immense influence over the future, but to wield it effectively, they must meet demanding professional and personal requirements.

Leadership - The New Way

Moving forward, the profession demands a new type of leadership. Mere job titles won't earn respect anymore. "Good enough" or "great" leadership won't suffice. Inspirational leadership is the essential requirement. To embody this, bold and courageous action must be taken in both your external and internal realms.

"Leaders have to BE the change they want to see in the profession."

SELF MASTERY

- **Lead yourself** so you can lead others effectively.

- **Sharpen** your growth mindset, and develop a COACH mindset to take your team to the **next level**.
- Develop your own **coaching toolbox** to progress yourself and others.
- Your team is a reflection of you, so **make YOU great!**

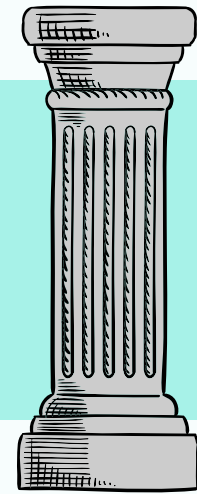

IDENTITY, VALUES, & AUTHENTICITY

- Develop a clear sense of **who you are** as a leader.
- Be more memorable and **elevate your impact** as a leader.
- Get in touch with your values to develop your **leadership compass**.
- **Reduce decision fatigue** by making values-led, meaningful decisions.
- **Live the truth** of who you are as a leader, not who you think you SHOULD be.
- Establish who you want to be, and **develop the thoughts, actions, habits & behaviours** to bridge the gap.

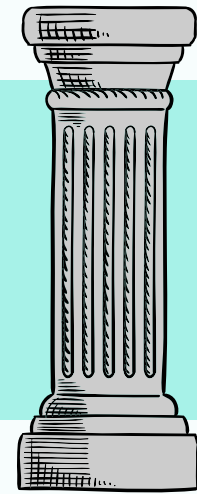

FOCUS, STRUCTURE & ACCOUNTABILITY

- Get more done **in less time**.
- Take the **right action**, at the right time without second guessing yourself.
- Feel less chaotic, and **more productive**.
- **Eliminate** overwhelm and **prioritise** like a pro.
- Harness the **power of consistency** vs. intensity.

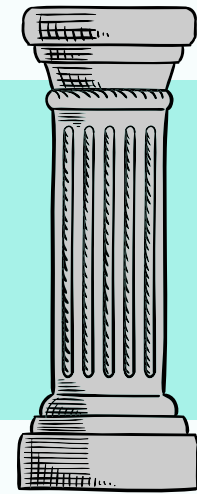

ENERGY & FLOW

- Manage your energy and show up as the **best version of you**.
- Upgrade the **quality of your presence** as a leader.
- **Accelerate employee trust**, respect, engagement, and fulfilment.
- Maintain your sparkle and **avoid burnout**.
- Develop the **stamina** to take your practice and the wider profession through the next phase of change.

RECRUITMENT

- Learn the **SECRETS** to successful recruitment.
- **Attract vets and RVNs** that other practices don't have access to.
- Build your **DREAM team**.
- Reduce recruitment fatigue and spend more time with the **right people**.
- **Sharpen** your employer brand and shout about it.
